Play Group

We all want our children to grow and learn. Our supported play group environment gives you the opportunity to enjoy appropriate developmental and messy play activities with your children. Providing families social connections and information while children enjoy learning through play.

Our facilitator is a qualified Early Childhood Educator,

This is a program that focuses on families in the local community living and learning together and sharing their learning with each other.

Sessions run for 2 hours

Costs:

\$5 per family per week if you have one child if you have more children add \$1 for each extra child over 12 months old.

Activities:

The activities at play group are developed to be appropriate for the children's ages and stage and provide an opportunity for parents and carers to

share experiences with the children.

Our program includes but is not limited to: Indoor and out door play, craft and art experiences, sensory play, fine and gross motor experiences, story time and songs and much more. Explore different ways of participating with and engaging the children in learning through play.

Supported:

Supported play group means that there is a qualified worker supporting the families and the group through the provision of information and daily activities. This gives parents the chance to enjoy quality time.

Come along:

Wear your play clothes and dress for the weather, Bring your morning tea and water bottle. Watch your child gain confidence as they learn new things and make friends in the group.

SHARE:

Information with each other and a morning tea!

Wednesdays 9.30 to 11.30 am
